

SITUATIONAL LEADERSHIP®

BUILDING THE ORGANIZATION

Situational Leadership®: Building the Organization

is a consultative working session facilitated only by CLS Master Trainers. This session is designed for intact senior executive teams as part of strategy planning or a senior leader retreat to manage organizational change. It is also an effective tool to build organizational commitment at the senior level to embrace the Situational Leadership® Model, vocabulary and approach to leadership development throughout the organization.

BENEFITS OF SITUATIONAL LEADERSHIP®: BUILDING THE ORGANIZATION:

- » Executive team alignment and focus on organizational change priorities
- » Assessment of Organizational Performance Readiness® using measurable indicators
- » Enhanced effectiveness and successful implementation of leadership strategy aligned to organizational needs
- » Alignment and relevance of organizational leadership strategy, action plan and communication strategy to the organization's change initiatives
